

## For *P&AB* Members and Subscribers Only!

*Privacy & American Business* operates the Internet's first and only international privacy-related job employment site, Privacy Job Opportunity Boards (**P-JOBS**), at [www.PJOBS.org](http://www.PJOBS.org). Now, employers who are members of any *P&AB* program, or subscribers to *P&AB*'s Electronic Newsletter or NewsFlash may post job announcements to **P-JOBS** and begin to focus the search for qualified candidates for all levels of privacy-related employment **FREE OF CHARGE!**

We will list any privacy or privacy-related job vacancies at your organization to the Privacy Job Opportunity Board, absolutely free for as long as it takes to fill the positions. There are no hidden charges or obligations, we only request you contact us when the position has been filled.

### *Why P-JOBS?*

If your company currently uses a job search mega-site to showcase its available privacy-related employment opportunities, your listings are getting lost among thousands of other job postings. The most qualified privacy candidates can easily overlook your opportunities as they wade through page after page of listings. Your privacy-related job listings are too important to become part of the mega-site clutter.

**CONFIDENTIAL**

**P-JOBS** is the *only* site dedicated to privacy-related employment listings and the most qualified privacy job seekers (hundreds every day) look at **P-JOBS** first for job opportunities.

Employers and qualified privacy employees who know privacy, know they will connect through **P-JOBS**.

### *About P-JOBS Listings*

**P-JOBS** lists all levels of employment to suit today's highly specific staffing needs. **P-JOBS** offers three categories of job postings to make the connection between the right position with the best candidate as easy as possible. They are:

- **P-JOBS** lists entry-level, mid and high level positions relating to privacy including HIPAA administration, HR administration, database management, legal counsel, marketing, corporate/public interest communications, corporate/government relations, new product development, and information security.
- **P-JOBS Plus** is used to reach high level privacy executive or Chief Privacy Officers who are responsible for overseeing privacy for an entire organization, across industries.
- **P-Temps** assists companies seeking temporary staff for special projects and as consultants.

### *Non-Members Can Post Too!*

Companies who are not members of *P&AB* can post listings for the low fee of \$50.00 per job. *P&AB* is a 501(c)(3) non-profit entity, so your payment may be tax-deductible.
